

PATIENT INFORMATION SHEET

PINWORM COLLECTION

You will be provided with a specimen collection container specifically for pinworm collection.

- Take a sample in the morning upon waking up, prior to bathing or having a bowel movement.
- Swab the skin around the anus and just inside the anus but don't sample any stool on the swab.
- Return the swab to the container it came in.
- Wash your hands thoroughly.
- The container must be labeled with the patient's name, date and time of collection.

Bring all specimens back to Laboratory as soon as you have completed the last one.

If you have any questions or concerns, please contact the Laboratory.
For the results of your test, please contact your doctor.
