NO FRIDAY DROP OFFS

It is IMPERATIVE that the sample be dropped off to the site listed above on the SAME DAY as it is taken to meet the 30 hour rule required by the testing laboratories.

All samples must be accompanied with the requisitions issued. REQUISITIONS and SAMPLE BOTTLES must have the date and time of sampling written on them by you. If you need a new requisition or sample bottles, contact your Environmental Health Officer or the nearest Environmental Health office to obtain them.
