COVID-19

Community Toolkit
To empower local partners to share helpful information, we have created a COVID-19 Community Toolkit - a digital resource for community partners, which includes vaccine clinic information (including clinic schedules), a community guide, trusted information and links, and more!

BC vaccination coverage rates and COVID-19 activity
COVID-19 dashboard
Visit the COVID-19 surveillance dashboard from the BCCDC for information by local health area (LHA) and community health service area (CHSA):
  • Graphs, maps, and data showing COVID-19 case rates
  • Test positivity and vaccination coverage

COVID-19 numbers
As of July 6, 7,800 cases have been reported in the NH region since the beginning of the pandemic.
  • Cases currently active: 29
  • New cases: 2
  • Currently in hospital: 2
  • Currently in ICU level care in hospital: 2
  • Deaths in the NH region since the beginning of the pandemic: 157
For the latest provincial numbers, see the [BC COVID-19 dashboard](https://www.bccdc.ca/COVID-19), which is updated Monday-Friday. The dashboard may not work in all browsers; Chrome is suggested. As well, for a visual comparison of COVID-19 cases in BC by HSDA to other Canadian and global jurisdictions, see the [COVID-19 Epidemiology app](https://www.bccdc.ca/COVID-19). It’s updated on Mondays, Wednesdays, and Fridays.

**Organizational news**

### Staying safe in warm weather

Summer is here and the warm weather and bright sunshine can lead to increased risks for our health and safety. For ways to stay safe while working in the heat, please see:

- [Northern Health heatwave information](https://www.northernhealth.ca/coronavirus)
- [BC Government tips to stay safe and cool](https://www2.gov.bc.ca/gov/content/services/citizens/staying-safe-and-healthy)

- [BCCDC's Warm weather safety](https://www.bccdc.ca/COVID-19)

### Wildfire safety

High temperatures across the province have increased the wildfire risk. Northern Health is collaborating with local and provincial to monitor wildfires in the North, as well as their impact on Northerners’ health and Northern Health services.

- Report a wildfire by calling *5555* on most cell phones or 1-800-663-5555.
