- **Only use a rapid test if you have symptoms of COVID-19:** fever or chills, cough, loss of sense of smell or taste, difficulty breathing, sore throat, loss of appetite, runny nose, sneezing, extreme fatigue or tiredness, headache, body aches, nausea or vomiting, diarrhea.

- **After reviewing the instructions in the box, if you need more information, please refer to the instructions on the BCCDC website.**

You can use your smart phone camera to scan the QR code on the instructions in the box or type this link into a web browser: bit.ly/3G6pio8. If you still have questions, call the NH Virtual Clinic at **1-844-645-7811**.

- **Go to an emergency department or call 9-1-1** (or your local emergency service) if you:

- find it hard to breathe
- have chest pain
- can't drink anything
- feel very sick
- feel confused

- **Only use a rapid test if you have symptoms of COVID-19:** fever or chills, cough, loss of sense of smell or taste, difficulty breathing, sore throat, loss of appetite, runny nose, sneezing, extreme fatigue or tiredness, headache, body aches, nausea or vomiting, diarrhea.
