

INJURIES ARE PREVENTABLE

In just *one year* in *northern BC*...

There were

196 DEATHS

one death every

48 hours*

2,568 people were

HOSPITALIZED for serious injuries,
requiring...

6 average-sized
hospitals

filled to capacity to accommodate
this number of injured people**

38,441

people required

**EMERGENCY
MEDICAL
ATTENTION**

for their
injuries...

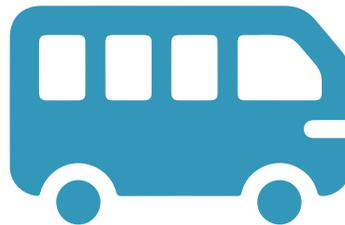

the
equivalent to
a line up

23

kilometres long,
the length of
48 Football fields,
waiting to get into
the emergency
room to be treated
for their injury***

656 people suffered a permanent
PARTIAL DISABILITY*

requiring...

66

more HandiDart buses
to accommodate these
people**

52 people suffered a permanent

TOTAL DISABILITY...

more than **1** person
EVERY WEEK***
