

Overdose Advisory

Issued for Prince George, BC

For Immediate Release

September 17, 2025

There has been an increase in overdose events in the community of Prince George with people reporting heavy and prolonged sedation and requiring more naloxone to reverse. Overdoses are happening when the substance is smoked and/or injected.

Be cautious when using substances and follow the safety tips below:

- Get training to prevent, recognize, and respond to an overdose; carry naloxone
- Don't use alone. Make a plan and use with a trusted person who can call for help if needed.
- If you plan to use alone, use the Lifeguard app available free on the app store or on Toward the Heart website (<https://towardtheheart.com>) or call NORS (National Overdose Response Service) **1-888-688-6677** (NORS).
- Know your tolerance. If you are sick or had a time of abstinence or reduced use, use much less.
- Don't mix drugs or mix drugs with alcohol.
- Test a small amount first and go slow.
- Use in an OPS if possible (see Prince George locations listed below).
- Access fentanyl drug checking where available (OPS sites).
- Call 911 or your local emergency number right away if someone overdoses.
