

Northern Health Healthy Communities E-Brief

April 2023

Join the Conversation about Preventing Falls

Did you know falls are the leading cause of injury for older adults? One in three British Columbians over the age of 65 will fall once a year, and falls are the main reason why older adults lose their independence. Many falls can be prevented and there are [resources](#) available to help keep older adults injury-free.

Starting this spring, Northern Health will be hosting conversations across the region to learn how falls are being prevented. Adults 65 years and older will be invited to share their thoughts during a telephone survey or an in-person group discussion in select communities. Community organizations that support older adults are invited to share their feedback in this [survey](#).

We would like to learn:

- How people and communities in Northern BC work together to prevent falls.
- If and how the COVID-19 pandemic has changed fall prevention efforts in communities.
- What resources are available and needed to help prevent falls.

To find the dates and locations of the in-person group discussions and to learn more about fall prevention, visit the [Northern Health Seniors' Fall Prevention](#) webpage. This project is funded by the BCCDC Foundation for Public Health.

The information gathered will guide future fall prevention efforts in the Northern Health region. We look forward to connecting with community members!

For Your Information

Oral Health Month 2023

April is Oral Health Month. Time to celebrate oral health for total health. The Northern Health (NH) dental team will be sharing information on NH social media on how to keep your teeth for a lifetime. The NH dental team works very closely with other health professionals such as Primary Care Nurses, Speech and Language Pathologists and Dietitians to improve the dental health of people living in Northern BC. The NH dental team members can be found providing dental services in primary care settings, preschools and public schools as well as attending health fairs and events in local communities. To learn more about oral health for total health or how to access the

dental program in or near your community, visit the NH Dental Health Program [webpage](#).

British Columbia Dental Association's (BCDA) [Brush2Win contest](#) runs April 1 to 30, 2023, and is open to all BC elementary schools with children in Kindergarten through Grade 3. Schools registering during the contest period will be entered into a draw for one of five \$1,000 prizes!
