

It's All About That Book!

Vocabulary knowledge changes over time, not only because we learn new *different* words but also because we learn more about each word! We need to help children build their vocabulary both by adding new words AND by enriching the meanings of words they already know.

Books are a great way to expose kids to new vocabulary and gives you an opportunity to talk about the words that come up in the book. Don't forget to visit your public library or local bookstore where there are tons of books for all ages!

BOOK TITLE	VOCABULARY & CONCEPTS TO TARGET	
On The Farm 	<ul style="list-style-type: none"> • Specific animal names (foal, calves, chicks) • Location words (in, on, beside) • Number concepts (some, all, one, a few) • Action words (scoot, peck, gallop, trot, prance, twirl) • Descriptions concepts (muddy, fuzzy) • Baby vs. adult animal names • Emotion concepts (cheerful, content, excited) • Rare words (pasture, silo, shed, chicken coop, rumpus) • This book also has lots rhyming words and sounds to target
